

Elevator Chat 1: What does a school psychologist do and why does it matter?

- Make a list of services you provide.
- Think comprehensively and succinctly. What do you do? In one sentence, how would you describe your role?
 - I am a school psychologist and I.....
- Who are the consumers of your services? In one sentence, say who you work with.
 - I work with....
- Under what conditions are these services provided? (IEP mandated; by referral of teacher, parent, administrator; upon request). What difference does your work make for different audiences and how do you know it matters? How would you tell each audience about these things in one sentence?

--The work that I do is important to students because...

--The work that I do is important to parents because....

--The work that I do is important to school principals because....

--The work that I do is important to _____ because.....
